3)E-bost oddiwrth Gary Carlsen ynghlŷn ag ardal Abernawmor—e-mail from Gary Carlsen:

In response to the two points in your letter and this morning's phone conversation:

942)Materion parhad:

1. "Footpath 13/43 - Lyn Bushin has not made an application to the County Council to divert the footpath 13/43. She has proposed a diversion verbally, and that proposal was to divert it onto the existing footpath 13/41. This in effect would be an extinguishment, which for the reasons given below would not be a proposal that CCC would favour. I have also consulted with the Ramblers Association who would not support such a proposal, and would make a formal objection if a public path order was made on that proposal. Mrs Bushin has not indicated that she wishes the footpath 13/43 to be diverted from her yard to the front of the house. Her proposal was to remove the path from her land completely.
2. Footpath 13/44 - No diversion order has been made for this path. An order will be produced to tie in with the new location of the footbridge when it is eventually installed. Because Mrs Bushin has withdrawn her offer for the Rangers to access the new bridge location via her land, Alan Warner (Snr Projects Officer) is currently making arrangements to access the site from the north bank of the river via Mr Jones' land.

I trust this clarifies the situations surrounding the two footpaths"
